

Hello, My Name is Gregory Dahlberg. I'm 21 years old and from Calimesa Ca.
I feel that I need to step up on this issue about the LPFM stations taking the place of current stations such as Air1 90.1fm.
I love this station because of their possative message. Today every where we look we are taught how to disrespect women how it's cool to be a murderer and all sorts of imoral things. all I see is people teaching our kids how to sin! we're going to hell in a hand basket!
of course these things will happen the bible says they will. Jesus said: "But if anyone causes one of these little ones to who belive in me to sin, it would be better for him to have a large millstone hung around his neck and to be drowned in the depths of the sea."
"Woe to the world because of the things that cause poeple to sin! Such things MUST COME, but woe to the man through whom they come!"
I support air1, not with words or just listening but with \$\$\$\$\$. And it would grieve me to have it replaced by just some rock station. I can't do any rock station anymore now that I can see clearly.
sorry this letter is sooooo long but... one more thing:
check out 2nd Timothy chapter 3 verses 1-5 -in the bible. You can't tell me that it's always been this way look back 50 years ago. 100, 200. Something is happening. Don't be on the wrong side!
P.S. If you aren't sure about how to get right with GOD before it's too late just write me, cause that's what I'm all about.
